Dear Neighbor,

Southern California Edison (SCE), along with crews from our approved contractor, will be working in your neighborhood soon to make improvements to the electrical grid. This maintenance work is important to ensure the power grid is supported with up to date technology and reliability for continuous improvement. We understand that this work in the community can be an inconvenience to customers. We are committed to minimizing any inconveniences and ensuring the safety of the public. Thank you for your patience as we complete these upgrades.

**Upgrades in Your Area**

We will be upgrading underground equipment, installing new underground infrastructure, and replacing electrical equipment to decrease duration of outages and improve overall circuit reliability.

**Project Area**

This work is taking place at Beach Dr and 2nd St to Pier Ave within the boundaries identified on the map located on the back of this letter. Parking will be restricted, no park signs will be placed at work site areas.

**Work Timeline***

- Dates: November 19, 2018 to November 20, 2018**
- Days and times of operation: Monday from 10:00 p.m. to Tuesday 10:00 a.m.**

*Time line has been changed due to the City of Hermosa Beach’s request

*Please be advised these dates and times are subject to change due to safety concern, unforeseen operational factors, or inclement weather.

** Work hours will vary based on permit conditions.

**What to Expect**

- Crews may need to access equipment on your property. We will attempt to notify you prior to entering.
- To ensure your safety during construction, there may be traffic lane and sidewalk closures. Crew members will use appropriate traffic control signs and flags.
- For crews to work safely, SCE may schedule maintenance power outages during construction. In these cases, we will notify you by phone, text, email and mail at least 72 hours prior to the outages.*

*We are working with the City of Hermosa Beach to comply with city regulations.

*You can sign up to receive outage alerts using your preferred method of communication via sce.com/outage.
Here are some tips for customers preparing for a maintenance outage:

- Customers with a medical condition that require electric-powered life support equipment should be sure to have a backup power system in place or make other plans for health and welfare during an outage.
- Make sure food stays as cold as possible by keeping refrigerator and freezer doors closed and placing blocks of ice inside.
- Learn how to manually open security gates and garage doors.
- Notify any security companies that monitor the customer’s home or business.
- Protect computers, televisions and other sensitive equipment by unplugging them.
- If you use medical equipment in your home, SCE offers a Medical Baseline program. To learn more about the program and its benefits, including enrollment, please visit sce.com or call SCE at 1-800-655-4555.
